

## Course 1 Workbook

Kingdom Foundations. Fill this in as you go. By the end you will hold your own one page plan.

### Session 1, Work Is Worship

Work is part of God's good design. Your business can be an altar.

**My Kingdom Purpose Statement:** "Through my work, I serve God by \_\_\_\_\_ for \_\_\_\_\_."

**One task I usually dread that I will do as unto the Lord this week:**

**Where have I treated my work as just a job instead of a calling?**

### Session 2, Value Creation

Profit is what happens when you solve a real problem for real people.

**The real, painful problem I solve is \_\_\_\_\_ for \_\_\_\_\_.**

**Which of the Four Levels of Value (Implementation, Unification, Communication, Imagination) do I work at most?**

**Three people I will ask, "What problem were you really trying to solve?"**

## Session 3, Stewardship

You are a manager, not an owner. God measures what you do with what you were given.

**My five talents (money, skills, time, network, influence) and one way I am burying each:**

---

---

**The most buried talent and one concrete step to put it to work this week:**

---

---

## Session 4, Integrity

Your reputation is your most valuable, least protected asset.

**One place my scale is even slightly off (a claim, a fee, a corner cut):**

---

---

**The fix I will make this week, even if it costs me:**

---

---

## Session 5, Generosity

Build giving into the business, do not bolt it on after.

**My business giving percentage and where it goes:**

---

---

**One thing I will give this week, before I feel ready:**

---

---

## Session 6, Wisdom and Planning

Vision without a plan is a wish. Count the cost and build.

**My one page Kingdom Business Plan. Purpose:**

---

---

**The problem I solve and who I serve:**

---

---

**How I make money / How I give:**

---

---

**My next three moves:**

---

---

## Capstone: My Kingdom Venture

Pull it all together in a sentence you could say out loud.

**"My business exists to \_\_\_\_\_, by helping \_\_\_\_\_ achieve \_\_\_\_\_, and we give  
\_\_\_\_\_ to the mission."**

---

---
